IEQ CREDIT 3.3: GREEN CLEANING

SUSTAINABLE CLEANING PRODUCTS AND MATERIALS PURCHASES

Project #

All fields and uploads are required unless otherwise noted.

THRESHOLD ATTEMPTED

Points Attempted: 1

ALL OPTIONS

The project's Green Cleaning Policy from IEQ Prerequisite 3 is a required submittal. Be sure to consider contextual overlaps when documenting compliance with this credit.

Performance period start: Apr 1, 2012

Performance period end: Jul 31, 2012

Total cost of cleaning products and materials purchased for the project building and associated grounds during the performance period. The total includes both sustainable and non-sustainable purchases (\$) \$ 5,374

In Table IEQc3.3-1, select the sustainability criteria as applicable to each cleaning product and material.

Hover over the column headers for more detail.

Select one of the following:

- ☐ The project building is a single management/control building, pursuing no tenant-related exemptions and needs no tenant-related special calculations.
- ☒ The project building is a multi-tenant building.

Save Form

10% EXEMPTION

Select one of the following:

- ☐ Up to 10% of the building's gross floor area is exempted from this credit and from the total costs described above because it is occupied by tenants that would not share data on total purchases.
- ☒ The sustainable purchases reported above are comprehensive and do not include any exemptions.

MULTI-TENANT BUILDING

TENANT SUSTAINABLE PURCHASES

Select one of the following:

- ☒ The project team is seeking recognition for tenant sustainable purchases in this credit.
- ☐ The project team is not seeking recognition for any tenant sustainable purchases in this credit.
- ☒ The uploaded supporting documentation for sustainable purchases from the table above includes at least the single largest sustainable purchase (by dollar value) made by each separate participating entity occupying the building (project applicant, tenant, etc.) during the performance period.

ACTUAL OR ESTIMATED COSTS

Select one of the following:

- ☒ The total cost of sustainable purchases entered in Table IEQc3.3-1 is based on actual costs.
- ☐ The total cost of sustainable purchases entered in Table IEQc3.3-1 is based on a combination of actual and estimated costs.

ADDITIONAL DETAILS

- ☒ Special circumstances preclude documentation of credit compliance with the submittal requirements outlined in this form.

SPECIAL CIRCUMSTANCES

Describe the circumstances limiting the project team's ability to provide the submittals required in this form. Be sure to reference what additional documentation has been provided, if any. Non-standard documentation will be considered upon its merits.

The waste liners are excluded based on a previous CIR. Both types of liners are 16 mics or less (0.7 mils is equivalent to 17.25 microns), see documentation for MSDS.

Upload IEQc3.3-SC. Provide any additional documentation that supports the claim to special circumstances. (Optional)
