SS CREDIT 1: LEED CERTIFIED DESIGN AND CONSTRUCTION

All fields and uploads are required unless otherwise noted.

ALL OPTIONS

This active sample form has been modified for offline access. Modified fields and instructions are indicated in purple. Sample forms are for reference only.

Note: The information below is linked from PI Form 5 and is read only. To edit this information, see PI Form 5.

Select all that apply:

- ☐ **Previously Certified Building - D+C:** The project building was previously certified under a LEED Green Building Design and Construction Rating System.
- ☐ **Previously Certified Space(s):** Spaces within the project building were previously certified under a LEED Green Interior Design and Construction Rating System.

The content highlighted in yellow above is linked to PI f5.

Note: Buildings previously certified under LEED Green Building Operations and Maintenance alone are not eligible for SS Credit 1.

The options highlighted in the yellow box are linked to PI f5 and will populate automatically based on what's entered in PI f5.

NOTE: Per LEED Addenda released November 2011, buildings previously certified under LEED-EBOM are now eligible for SSc1. The documentation requirements for this option are not entirely clear, however, so check LEEDuser often for updates or contact GBCI with questions if you want to pursue this option.

This content is linked to Plf5 and will populate automatically based on what's entered in Plf5.

Eligible for SS Credit 1: Site Selection:

The content highlighted in yellow above is linked to Plf5.

Upload L-7. USGBC- or GCBI-generated LEED Certification Scorecard(s) of the previously-certified building/project(s). If the project has been certified more than once, upload all relevant scorecards.

The content highlighted in yellow above is linked to EAc5, EAp3, IEQc2.2, IEQc3.5, IEQp2, Plf5, SSc6, SSc7.1, SSc7.2, SSc8 & WEc3.
