

THRESHOLD ATTEMPTED

Points Attempted: 1

Describe the process by which the project team has worked to develop and/or implement a curriculum based on high-performance features of the building. Include details on how the curriculum explores the relationship between human ecology, natural ecology and the project building.

See attached narrative in special circumstances upload

(Max 2500 Characters)

- ☒ The curriculum described above meets the following criteria:
- 1) Will be implemented within 10 months of LEED certification
 - 2) Meets local or state curriculum standards
 - 3) Approved by school administrators
 - 4) Provides 10 or more hours of classroom instruction per year per full-time student

ADDITIONAL DETAILS

- ☒ Special circumstances preclude documentation of credit compliance with the submittal requirements outlined in this form.

SPECIAL CIRCUMSTANCES

Describe the circumstances limiting the project team's ability to provide the submittals required in this form. Be sure to reference what additional documentation has been provided, if any. Non-standard documentation will be considered upon its merits.

See attached narrative

(Max 2500 Characters)

Upload any additional documentation that supports the claim to special circumstances. (Optional)
