Please complete this quick three-question survey, intended to evaluate occupant comfort as it relates to the building environment in the [redacted] buildings. We are conducting this survey as part of our effort to achieve LEED certification (www.usgbc.org).

Answers to these survey questions will help indicate the performance of the building’s heating, ventilation, air conditioning, acoustical, lighting and cleaning systems, while also providing direction for improving systems and facilitating a comfortable environment for building occupants.

Thank you for your time,
