HIGH-PERFORMANCE CLEANING PROGRAM

All fields and uploads are required unless otherwise noted

ALL OPTIONS

This static sample form has been modified for offline access. All sections of the form are visible. Sample forms are for reference only.

Refer to the project's Green Cleaning Policy from IEQ Prerequisite 3, as that establishes the policies, goals, and practices that lead to achieving IEQ Credit 3.1.

Performance period start:

Performance period end:

☐ A high-performance cleaning program was in effect for the project building and associated grounds over the performance period.

Upload IEQc3.1-1. Provide a copy of the compliant high-performance cleaning program that covers the project building and associated grounds.

Click this to upload your policy, or go to the Uploads tab and do it there

Put the associated page #s for each plan component in here to ease the review process

Components of the high-performance cleaning program	Page Numbers Addressed in Upload IEQc3.1-1
Appropriate staffing plan:	
Implementation of training of maintenance personnel in the hazards, use, maintenance, disposal and recycling of cleaning chemicals, dispensing equipment and packaging:	
Use of chemical concentrates with appropriate dilution systems to minimize chemical use wherever possible:	
Use of sustainable cleaning materials, products, equipment, janitorial paper products and trash bags (including microfiber tools and wipes):	
Use of sustainable cleaning and hard floor and carpet care products meeting the sustainability criteria outlined in IEQ Credit 3.3:	
Use of cleaning equipment meeting the sustainability criteria outlined in IEQ Credit 3.4:	

☐ The high-performance cleaning program adheres to the program outline provided in the "Policy, Program and Plan Models" guidelines in the Introduction of the LEED Reference Guide for Green Building Operations and Maintenance, 2009 Edition. The program is implemented for a minimum of 90% of the occupied area of the project building.

Verify that the program adhere to the Program model and covered at least 90% of the building
