National Gypsum Sustainable Materials Data Sheet

Materials and Resources - Recycled Content

Product Name	Manufacturing Location	Post Consumer	Pre Consumer	Materials Cost
All Purpose, Lite, Lite-Blue, Multi Use, Dust-Tech Ready Mix Joint Compound	Belcamp, MD	0%	0%	\$650
Paper Tape, Mesh Tape	Rensselaer, IN	0%	0%	\$150

Gold Bond Gypsum Board

Gypsum board face and back paper is made of 100% post-consumer recycled content.

Gypsum board recycled content varies by manufacturing location.

Scrap from gypsum board manufacturing is recycled back into the process.

ProForm Drywall Finishing Products do not have recycled content; however, they may contribute in other categories covered in this report.

Report results are based on current National Gypsum distribution plan and manufacturing location capabilities. Gold Bond Gypsum Board products with higher recycled content may be available for projects in Northeastern and Mid Atlantic states. Please contact your local National Gypsum Sales Representative or call 1-800-NATIONAL for assistance. National Gypsum reserves the right to determine the plant from which products will be shipped.
