## DESCRIPTION

Designed for those who prioritize "green" above everything else

- 20-lb paper is ideal for everyday use.
- 104 (Euro), 92 (U.S.) brightness for vivid text and images.
- Acid-free paper won't yellow or fade over time.
- Greener choice — contains 30% postconsumer recycled content.
- Meets the global standards of the FSC (Forest Stewardship Council). Forest Stewardship Council US-0081.
- responsible use of forest resources and provides assurance that the fiber in this paper comes from forests that protect biodiversity and the livelihoods of the people that depend on those forests.
- Green Seal®-certified to ensure lower impact on the environment and human health.

paper finish type	standard
sheets per ream/pack	500

Back To Top

The product is FSC MIX labeled. This means it contains a combination of FSC certified virgin fiber, controlled sources, and/or recycled wood or fiber. 100% of the product value contributes based on this label.

The product is Green Seal certified. However, the Green Seal standard is not approved for this credit / product type and therefore does not contribute to credit compliance.

The product is 30% postconsumer recycled content. However, this is duplicative of the FSC MIX label - both of them address the same material. Therefore 100% of the product value contributes to compliance, based on the FSC MIX label. Double credit for the recycled content shown here may not be taken.
