Review Comment:

Pending. The form has been completed and credit narratives have been provided.

The narrative includes blanks that have not been filled out, so the battery diversion program description is incomplete. The narrative within the form does not address batteries. Please provide a completed narrative addressing the battery diversion program.

Response:

The narrative within the form has been completed to address the battery diversion program. The complete narrative describing the battery diversion program, as well as other practices, has been uploaded separately from the form, with the file name "StopWaste.org_SolidWasteMgmt-Ongoing_Narrative_v2.pdf".
