## Product Information

Item #: UNV20962

### Round Ring Economy Vinyl View Binder, 1" Capacity, White

- Create the perfect title page, then place it inside this binder's see-through plastic overlay for exactly the customized look you want.
- Signature wide base round rings lock in place so you'll never have to worry about the security of your files.
- The sky's the limit when you count this binder's potential uses: proposals, manuals, record-keeping, storage, data collection and more.
- Extra-deep 3 1/2" opaque inside pockets. Durable, heavy-duty cover.

Ability One Program creates employment and training opportunities for people who are blind or who have other severe disabilities, empowering them to lead more productive and independent lives. Its primary means of doing so is by requiring Government agencies to purchase selected products and services from nonprofit organizations employing such individuals.

Allstate's compostable bag products are sustainable, as they are made from renewable resource resins. We use Cardia Bioplastic's Compostable Resins™ in our films. These bags and resins has been certified by BPI (Biodegradable Products Institute).

Allstate's compostable bags are soft to the touch yet strong, and can be produced in a variety of thickness depending on the application. Our compostable bags can be colored, and printed beautifully to your specifications.

Our mission is to offer the most extensive line of high-quality plastic liners with service that exceeds every expectation and lowers the overall cost to our valued customers.

We care about the earth and our environment.

As a service to customers, the Allstate Plastics team offers design, development, and production of ready to use finished plastic products, such as films and bags. This service is ideal for customers that are new to the sustainable products sector and want to try new compostable plastics, but have little knowledge of them. With our focus on individual customer needs, our team will assist you in choosing the most cost-effective and correct plastic bag for your needs. Like all of our other plastic bag products we make our compostable plastics to the highest quality.

### Allstate Plastics LLC

1763 Sabre Street  
Hayward, CA 94545  
Ph. 510-783-9600  
Fax 510-783-9622

**Benefits:**

- ▶ Compliments green corporate initiatives, “be recognized as a Green Business.”
- ▶ Reduces the use of petroleum or natural gas based plastics, conserving earth's non-renewable resources for future generations.
- ▶ Our sustainable compostable plastics are made from resins produced from plants. In the growing process photosynthesis occurs converting Co2 into Oxygen, reducing the GHG's.
- ▶ Compost Yard and Garden Bags can hold and carry yard waste to composting. These bags meet ASTM D6400 and are accepted at commercial composting facilities.
- ▶ Food service operations can help divert organics from landfills by using compostable garbage bags to carry disposable plates, cutlery, and cups to commercial composting facilities.

Cardia Compostable™ resins make quality Compostable films.

Note: Compostable plastics are not Recyclable. They are intended to be composted in a municipal or commercial facility operated in accordance with the best composting management practices. Check to see if such a facility exists in your community.

Allstate Plastics is an environmental company. We manufacture other green plastic products that are recyclable. Please recycle petroleum based plastics when possible.
